FOR IMMEDIATE RELEASE

Valin Now Exclusive Representative for KOSO Hammel Dahl in Western United States

Line of globe control valves rounds out Valin's robust control valve offering

San Jose, Calif. (February 2015)— Valin Corporation, a leading provider of process control and automation solutions to the technology, energy, life sciences, natural resources and transportation markets, announces it is now an authorized representative of the KOSO Hammel Dahl line of globe control valves. Valin has exclusive distribution rights to the product line in 13 states in the western United States. The newest offering rounds out Valin's already strong control valve product offering.

"We're very excited to add the KOSO Hammel Dahl line of global control valves to our product offering," said Joseph Nettemeyer, President and CEO of Valin Corporation. "We put an emphasis on listening to our customers, and we continue to improve on the products and solutions we offer. The addition of this new line is a testament to our commitment to provide unparalleled customer service."

KOSO Hammel Dahl offers a full line of top guided, cage guided and specialty control valve products to meet a broad array of applications in the automation markets. The company is committed to customer satisfaction, evident through the high quality and attention to detail found in all of their innovative products.

Valin provides complete solutions of process valves, instrumentation, filtration, heating, controls and automation products for a wide variety of industries. For more information about Valin's process control products, please visit <http://www.valin.com/process-control/products>.
