Valin Corporation Makes Industrial Distribution's Big 50 List
Valin listed among other industry titans for 5th year

San Jose, Calif. (Sep. 26, 2018)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries came in at number 46 on the Industrial Distribution Big 50 List. This list recognizes the industrial market's 50 largest global distributors based on revenue.

"Being included in the Industrial Distribution Top 50 list is a great honor," said Joe Nettemeyer, President and CEO Valin Corporation. "Seeing Valin's name ranked among other industry titans is something our entire team can take great pride in."

Valin's team of professional application engineers have helped transform the company into a full-service technical solutions provider in addition to its role as a global distributor. The company has also solidified its role as an extension of the customer's design team, allowing the customer to ultimately continue to focus on core competencies.

The Big 50 companies are ranked according to 2017 total worldwide sales. Valin is focused on an open, adaptive workplace designed to deliver the very best customer service to its customers. Valin continues to grow organically and consistently through key acquisitions and bolstering their intellectual capital.
