

WIKA's new FlexWindow

A new and innovative solution from the
leader in the industry

- Made from clear silicone rubber
- High UV and chemical resistance, similar to glass
- No yellowing & high temperature resistance (> 300°F)
- Scratch and crack resistant, repels water

Now available for models 213.53 2.5" & 233.53/54/55 2.5"

The FlexWindow option provides several benefits

Advantages:

- Built in internal pressure compensation without the need of a vent plug for ranges \leq 300 psi
- 100% case fill = **No bubbles!**
- No reading impairment due to large bubbles
- Easy panel mounting due to missing lever plug
- Increased ingress protection IP66
